LOCATION

The Technology Park area of Dundee provides a variety of office accommodation within a short distance of the city centre with excellent road links and substantial on-site parking.

The foregoing forms part of the Dundee Waterfront Project which with the benefit of circa £1 billion of investment works seeks to transform Dundee into a world class destination for visitors and business. The project is anchored by the V&A at Dundee an international centre of design which encourages significant numbers of visitors to Dundee.

Adjacent properties include a variety of both local and national businesses.

DESCRIPTION

Prospect 111 was built approximately 30 years ago to provide small/medium sized quality office accommodation within the Technology Park. The area surrounding the property is well landscaped and the property benefits from large amounts of car parking exclusive to the building.

Internally the common areas of the premises have been refurbished and are well maintained. They provide male/female/disabled WC's, together with a communal kitchen area.

The suites have also been refurbished to provide quality accommodation, including carpets, double-glazing, perimeter trunking with full networking, window blinds and suspended ceilings with recessed fluorescent lighting. As such, the suites are in a condition for immediate occupation.
